Re: URGENT: Nationwide USCCB Bulletin Insert on Health Care Reform

For many years, the U.S. bishops have supported decent health care for all based on our teaching that health care is essential for human life and dignity and on the Church's experience in providing health care and assisting those without coverage. Specifically, the bishops have clearly required that longstanding federal protections that restrict abortion funding and mandates and that protect conscience rights must be reflected in health reform legislation. In addition, the bishops have focused on efforts to insure that coverage is affordable to families and that immigrants have better health care as a result of reform. We seek reform that protects the life, dignity and health care of all.

The President of the Conference and the Chairmen of the three major USCCB committees engaged in health care reform have written all the bishops and asked that the attached USCCB Nationwide Bulletin Insert on health care reform be printed or hand-stuffed in every parish bulletin and/or distributed in pews or at church entrances as soon as possible. Congressional votes may take place as soon as early November. If your Arch/bishop is not in agreement with disseminating the bulletin insert, you will be hearing from your Arch/diocese immediately.

Also included are suggested Pulpit Announcements and a Prayer Petition. Please encourage parishioners to pray for this effort as well. More information can be found at www.usccb.org/healthcare.

Thank you for your urgent actions and prayers on behalf of this nationwide effort!

USCCB NATIONWIDE BULLETIN INSERT

Tell Congress: Remove Abortion Funding & Mandates from Needed Health Care Reform

Congress is preparing to debate health care reform legislation on the House and Senate floors. Genuine health care reform should protect the life and dignity of all people from the moment of conception until natural death. The U.S. bishops' conference has concluded that all committee-approved bills are seriously deficient on the issues of abortion and conscience, and do not provide adequate access to health care for immigrants and the poor. The bills will have to change or the bishops have pledged to oppose them.

Our nation is at a crossroads. Policies adopted in health care reform will have an impact for good or ill for years to come. None of the bills retains longstanding current policies against abortion funding or abortion coverage mandates, and none fully protects conscience rights in health care.

As the U.S. bishops' letter of October 8 states:

“No one should be required to pay for or participate in abortion. It is essential that the legislation clearly apply to this new program longstanding and widely supported federal restrictions on abortion funding and mandates, and protections for rights of conscience. No current bill meets this test.... If acceptable language in these areas cannot be found, we will have to oppose the health care bill vigorously.”

Congressional leaders are attempting to put together final bills for floor consideration. Please contact your Representative and Senators today and urge them to fix these bills with the pro-life amendments noted below. Otherwise much needed health care reform will have to be opposed. Health care reform should be about saving lives, not destroying them.

ACTION: Contact Members through e-mail, phone calls or FAX letters.

MESSAGE to SENATE:

“During floor debate on the health care reform bill, please support an amendment to incorporate longstanding policies against abortion funding and in favor of conscience rights. If these serious concerns are not addressed, the final bill should be opposed.”

MESSAGE to HOUSE:

“Please support the Stupak Amendment that addresses essential pro-life concerns on abortion funding and conscience rights in the health care reform bill. Help ensure that the Rule for the bill allows a vote on this amendment. If these serious concerns are not addressed, the final bill should be opposed.”

WHEN: Both House and Senate are preparing for floor votes now. **Act today! Thank you!**

HEALTH CARE REFORM IS ABOUT SAVING LIVES, NOT DESTROYING THEM.

Abortion is not health care because killing is not healing.

For over 30 years, the Hyde amendment and other longstanding and widely supported laws have prevented federal funding of elective abortions.

Yet health care reform bills advancing in Congress violate this policy.

Americans would be forced to subsidize abortions through their taxes and health insurance premiums.

We need genuine health care reform — reform that helps save lives, not destroy them.

and Mandates from Needed
Health Care Reform!”**
